### EXPERIENCE

George believes in teams. He has been fortunate to be surrounded by very talented lawyers. They work on large, complex cases for major industry clients. For the most part he develops the strategy and tactics and let the younger, less expensive lawyers on the team carry out the day-to-day work on our cases. It is all about getting results for the client as quickly and cheaply as possible.

### CLIENT RESULTS

#### Natural Resources Litigation

Represented an independent natural gas and oil exploration and production company in a Clean Air Act enforcement action against midstream assets on an Indian reservation.

Acted as co-lead counsel defending a natural gas company against a \$500,000,000 claim for fraud and breach of fiduciary duty brought by one of the largest pipeline transportation and energy storage companies in North America. After a five-week bench trial, final judgment was entered, dismissing all of plaintiff's claims, and awarding the client \$110,000,000 on its counterclaim. No appeal was taken, and the client obtained its judgment in full.

#### Commercial Litigation

Obtained a unanimous jury verdict of no cause of action on behalf of a global credit card company in federal court in Cincinnati, Ohio.

Represented 9,000 depositors of 5 failed industrial banks in a class action

against the State of Utah, several major accounting and law firms obtaining settlements totalling \$103,000,000.

Represented a global credit card company in an antitrust case brought by a credit card processing company.

Acted as lead counsel under a joint defense agreement, representing a large pharmaceutical company. George successfully argued a motion to dismiss in a Fraud and False Claims Act case brought by the State of Utah against 17 pharmaceutical companies. The case was dismissed with prejudice.

Obtained a dismissal of a class action brought against a regional telephone service provider by 28 Utah counties. The Utah Supreme Court unanimously upheld the dismissal.

### Legal Malpractice Defense

Obtained summary judgment dismissing all of the plaintiffs' claims in a \$225,000,000 legal malpractice claim brought by an oil and gas exploration and production company. The Utah Court of Appeals affirmed the order of dismissal.
