Kevin@prismconflictsolutions.com

1) Training and Experience:

Boston University Law School Negotiation & Mediation program

Rule 32 (prev. 170) mediation training

Rule 32 (prev. 170) refresher training (annual)

State and Federal Court Advanced Mediation Training

Member *National Academy of Distinguished Neutrals*

Member *International Ombuds Association*

Recognized *Best Lawyers for 2025* – Construction Law

Mediated and arbitrated more than 500 cases

2) Emphasis:

My emphasis in mediation and arbitration is based on more than 30 years in practice focused on construction claims, personal injury, environmental litigation and insurance coverage. Also, I was active in the trades as a builder/contractor and spent more than 14 years building custom homes and providing remodeling services, and so I believe I bring a unique perspective to my mediation/arbitration services in construction cases.

3) Personal Background:

I have also stayed active in my former role as a builder/contractor. I have maintained my updated OSHA certification and I continue to perform design and construction work: I am (too?) often performing restoration work on my home, built in 1763, I acted as general contractor and personally built a log cabin on an island in the Casco Bay, Maine, and after we purchased the previous CullenCollimore office building, my law partner Brian and I co-designed, and I personally performed, a complete renovation of the interior of the office, from the wide pine floors up to the tin ceilings.

4) Volunteer/Paid:

Serving as a volunteer mediator for pro se parties and as a paid mediator and arbitrator. Please see <https://prismconflictsolutions.com/person/kevin-g-collimore/> for rates and a calendar showing my availability and to schedule your matter.

5) Counties Served:

Hillsborough, Merrimack, Rockingham, Strafford, Cheshire and Belknap Counties for in-person proceedings; anywhere *via Zoom*.
