With over 25 years of experience in ADR matters, I have the experience of serving both as an arbitrator / mediator / early neutral evaluator/consultant and in my former law practice, as trial attorney and counsel to parties in mediation and arbitration matters. I have handled hundreds of successful disputes. This along

with my past litigation experience allows me the opportunity to fully comprehend the parties' positions and interests. I also provide nation-wide consulting and training services regarding alternative dispute resolution. I have served as an expert witness on cases. I have arbitrated and mediated cases of all complexities including those involving corporate, consumer, multiple parties, multiple issues and substantial damages. I have served as sole arbitrator, co-arbitrator, chairperson, mediator, sole mediator, and co-mediator.

In addition to once maintaining an active private law practice, representing primarily financial institutions and small businesses, I have served as Assistant District Counsel, Special Assistant United

My substantial experience consistently reveals my style in simplifying the complex. I believe that parties in a dispute make a tough and final decision as to what to do with their dispute when they use alternative dispute resolution to provide an opportunity where the parties, counsel, insurance carriers and anyone else with a direct interest can use a confidential setting to discuss the interests and needs, obligations and rights of the parties. The setting can be in person, video conference or teleconference. Most cases settle. A trial does not provide this opportunity.

LAW BACKGROUND

Successfully owning and managing my own law firm, I ran the diverse activities of managing attorneys and administrative personnel. My firm represented creditors, secured and unsecured, in commercial and consumer credit ranging from mortgages, UCC, auto, boat, and mobile home collateral.

Counseled clients on all levels of administrative, state and federal courts, including the federal bankruptcy court and state court receiverships, and regulatory compliance in connection with business matters and real estate. Clients included financial institutions, servicers, and professional and small businesses, and included regulatory compliance issues, commercial and consumer real estate, acquisition financing and asset-based lending and expansion.

Assisted a Chapter 7 Trustee in his work administering the Estate of a multi-national business and its divisions, and serving as expert witness, where the principals eventually served sentences for fraud and incomplete reporting.

Approved title attorney for a title company.

Lead counsel in litigation at trial and all appellate stages, with several reported decisions. Matters ranged from basic financing disputes to complex financial transactions, involving alleged false claims and statements, fraud, conflicts of interest, and other misconduct.
